

HARVARD
MEDICAL SCHOOL

This course sold out the last two years. To be assured a spot in the 2018 program, early registration is strongly advised.

Fifty-Fifth Annual Update

Obstetrics and Gynecology

March 18-23
2018
Boston, MA

This program is among the highest-rated Harvard Medical School CME courses

Results-driven education

Under the direction of

- Robert L. Barbieri, MD
- Jon I. Einarsson, MD, MPH
- Mark D. Hornstein, MD
- Vatché A. Minassian, MD, MPH
- Michael G. Muto, MD
- Julian N. Robinson, MD
- Louise E. Wilkins-Haug, MD, PhD

- New approaches to day-to-day clinical challenges
- Updates for better treatment plans
- Guidance to navigate diagnostic options and new medical technologies
- Imaging advances and implications
- Skills workshops
- Drug and device updates
- New therapy protocols
- Best practices for high-risk patients
- Guidance for when to treat and when to refer

CUSTOMIZE YOUR LEARNING EXPERIENCE

Choose from among 50+ interactive case-based and problem-solving workshops to customize your learning experience for your specific practice needs

2018 Updates. Strategies. Best Practices.

- Obstetrics
- Urogynecology
- Gynecologic Oncology
- Adolescent Gynecology
- Reproductive Endocrinology
- Infertility
- Menopause Management
- Management of High-Risk Patients
- Minimally Invasive Gynecologic Surgery

COURSE DESCRIPTION

Update in Obstetrics and Gynecology provides comprehensive reviews of the most important recent advances in obstetrics and gynecology and guidance to assimilate them into general practice. Education is practical and results-focused, designed to help providers of women's health optimize the management of the clinical situations that occur throughout the adult female lifecycle.

Lectures, interactive discussions, and skills-advancement workshops are taught by the most respected leaders in OB/GYN. Attendees can customize their learning experience to align with their practice needs and have ample time for discussions and posing questions to faculty.

COURSE DIRECTORS

Robert L. Barbieri, MD

Chairman, Department of Obstetrics and Gynecology, Brigham and Women's Hospital
Kate Macy Ladd Professor of Obstetrics, Gynecology and Reproductive Biology, Harvard Medical School

Julian N. Robinson, MD

Chief of Obstetrics, Brigham and Women's Hospital
Associate Professor, Harvard Medical School

Louise E. Wilkins-Haug, MD, PhD

Director, Center for Fetal Medicine, Division of Reproductive Genetics, Brigham and Women's Hospital
Professor, Harvard Medical School

Jon I. Einarsson, MD, MPH

Director, Division of Minimally Invasive Gynecologic Surgery, Brigham and Women's Hospital
Associate Professor, Harvard Medical School

Vatché A. Minassian, MD, MPH

Director, Division of Urogynecology, Brigham and Women's Hospital
Associate Professor, Harvard Medical School

Michael G. Muto, MD

Co-Director, BWH/DFCI Combined Familial Ovarian Cancer Center
Associate Professor, Harvard Medical School

Mark D. Hornstein, MD

Director, Division of Reproductive Endocrinology and Clinical Director, Center for Infertility and Reproductive Surgery, Brigham and Women's Hospital
Professor, Harvard Medical School

WHO SHOULD ATTEND

- Physicians specializing in obstetrics and gynecology, including:
 - Obstetricians
 - Gynecologists
 - Perinatologists
 - Urogynecologists
 - Gynecologic Oncologists
 - Reproductive Endocrinologists
 - Infertility Specialists
- Family Physicians
- NPs and PAs

Participants come from across the United States and Canada as well as from Europe, Africa, South and Central America, Oceania, and the Middle East.

2018 PROGRAM HIGHLIGHTS

Dear Colleague,

Much has changed in the field of obstetrics and gynecology in the past 12 months, with significant implications for clinicians. To ensure you are current with these recent updates and advances and with state-of-the-art patient care, I invite you to attend Obstetrics and Gynecology 2018.

Unique to this program is the degree to which you can customize your learning experience for your specific practice. We offer problem-oriented lectures, case-based interactive discussions, and in-depth clinical skills workshops. These are led by the top clinical faculty at Harvard Medical School and Brigham and Women's Hospital — experienced practitioners all at the forefront of their respective subspecialties.

The 2018 program presents important practice updates for the following:

- Noninvasive Down syndrome screening
- Depression during and after pregnancy
- Genetic testing
- Prediction and prevention of stillbirth
- Obstetric emergencies
- Laparoscopic surgery complications
- Vaginal hysterectomy
- Fertility preservation in cancer patients
- Egg freezing to preserve fertility options
- Long-acting, reversible contraception
- Menopause management
- Treatment of fibroids
- Reproductive care of the LGBT individual
- Sentinel nodes in endometrial and cervical cancer
- Gynecological care of women with *BRCA1*, *BRCA2*
- Zika
- Gestational diabetes
- New ultrasound practices
- Difficult deliveries
- Safe tissue extraction
- Morcellation alternatives
- Cystoscopy
- IVF
- Cost-effective infertility workups
- Contraceptive options
- Abnormal uterine bleeding
- Overactive bladder
- Detecting bladder conditions
- Reducing the risk of ovarian cancer
- Abnormal Pap smears

We pair these updates with specific clinical guidance that you can put to use immediately in your day-to-day practice.

I hope you will join us for this special program.

Robert L. Barbieri, MD

*Chairman, Department of Obstetrics and Gynecology,
Brigham and Women's Hospital
Kate Macy Ladd Professor of Obstetrics, Gynecology and
Reproductive Biology, Harvard Medical School*

Practitioners should always consult additional sources of information and exercise their best professional judgment before making clinical decisions of any kind.

Sunday, March 18

7:00 – 7:55	Registration and Continental Breakfast	
7:55 – 8:00	Welcome and Orientation Julian Robinson, MD	
Updates in Clinical Obstetrics Program Director: Dr. Robinson		
8:00 – 8:40	Difficult Deliveries Julian Robinson, MD	
8:40 – 9:20	New Developments in QA and Critical Care Katherine Economy, MD	
9:20 – 9:40	Panel Discussion	
9:40 – 10:00	Coffee Break (refreshments provided)	
10:00 – 10:40	Antiphospholipid Antibody Syndrome Errol Norwitz, MD, PhD	
10:40 – 11:20	An Update in Autoimmune PD and Hematological Disorders in Pregnancy Nicole Smith, MD	
11:20 – 11:40	Panel Discussion	
11:40 – 1:00	Break for lunch*	
1:00 – 1:40	Twist, Tie, Transfuse or Take Out Daniela Carusi, MD, MSc	
1:40 – 1:50	Questions and Discussion	
1:50 – 2:30	A Logical Approach to a History of Preterm Delivery or the Finding of a Short Cervix Thomas McElrath, MD, PhD	
2:30 – 2:40	Questions and Discussion	
2:40 – 2:55	Coffee Break (refreshments provided)	
2:55 – 3:55	CLINICAL WORKSHOPS I	
	Hypertension: A New Take on an Old Topic 1A Katherine Economy, MD	
	How to Interpret Cord Gases 1B Errol Norwitz, MD, PhD	
	Environmental Exposures in Pregnancy 1C Thomas McElrath, MD, PhD	
	Cervical Ripening 1D Sarah Little, MD	
	Integrating Mental Health into the Busy Office Setting 1E Nicole Smith, MD	
4:00 – 5:00	CLINICAL WORKSHOPS II	
	Hypertension: A New Take on an Old Topic 2A Katherine Economy, MD	
	How to Interpret Cord Gases 2B Errol Norwitz, MD, PhD	
	Environmental Exposures in Pregnancy 2C Thomas McElrath, MD, PhD	
	Cervical Ripening 2D Sarah Little, MD	
	Integrating Mental Health into the Busy Office Setting 2E Nicole Smith, MD	

Monday, March 19

7:00 – 7:55	Breakfast	
7:55 – 8:00	Welcome Louise Wilkins-Haug, MD, PhD	
Updates in Maternal-Fetal Medicine Program Director: Dr. Wilkins-Haug		
8:00 – 8:40	What We Now Know about Zika during Pregnancy Catherine Brown, DVM, MD, MSc	
8:40 – 9:20	Aneuploidy Screening: What Test for Which Person? Louise Wilkins-Haug, MD, PhD	
9:20 – 9:40	Panel Discussion	
9:40 – 10:00	Coffee Break (refreshments provided)	
10:00 – 10:40	Fetal Growth Restriction: Advances in Detection, Management and Clinical Outcome Lisa Dunn-Albanese, MD	
10:40 – 11:20	Prenatal Care for Women with Increased BMI Chloe Zera, MD	
11:20 – 11:40	Panel Discussion	
11:40 – 1:00	Break for lunch*	
1:00 – 1:40	First Trimester Ultrasound: How Its Role Is Changing Lynn Simpson, MD	
1:40 – 2:20	Prediction and Prevention of Stillbirth: Updates on Risk Factors, Recurrence and Surveillance Yael Hoffman-Sage, MD	
2:20 – 2:40	Panel Discussion	
2:40 – 2:55	Coffee Break (refreshments provided)	
2:55 – 3:55	CLINICAL WORKSHOPS III	
	Managing Patient and Family Expectations for Expanded Genetic Carrier Screening 3A Rosemary Reiss, MD	
	Is There Still a Role for "Soft Markers" on 2nd Trimester Ultrasound? 3B Lynn Simpson, MD	
	Obstetric Concerns for Infectious Diseases besides Zika: Listeria, Parvo, CMV and Others 3C Khady Diouf, MD	
	Obstetric Care for the Older Mother: What to Consider beyond Aneuploidy? 3D Sarah Little, MD	
	Common Ultrasound Anomalies and Best Practices for Starting the Diagnostic Workup 3E Kathryn Gray, MD, PhD	
4:00 – 5:00	CLINICAL WORKSHOPS IV	
	Managing Patient and Family Expectations for Expanded Genetic Carrier Screening 4A Rosemary Reiss, MD	
	Is There Still a Role for "Soft Markers" on 2nd Trimester Ultrasound? 4B Lynn Simpson, MD	
	Obstetric Concerns for Infectious Diseases besides Zika: Listeria, Parvo, CMV and Others 4C Khady Diouf, MD	
	Obstetric Care for the Older Mother: What to Consider beyond Aneuploidy? 4D Sarah Little, MD	
	Common Ultrasound Anomalies and Best Practices for Starting the Diagnostic Workup 4E Kathryn Gray, MD, PhD

Director, Section of Gynecologic Oncology
Yale University School of Medicine

Tuesday, March 20	
7:00 – 7:55	Registration and Continental Breakfast with the Faculty
7:55 – 8:00	Welcome Jon Einarsson, MD, MPH
Minimally Invasive Gynecologic Surgery Program Director: Dr. Einarsson	
8:00 – 8:40	The State of the Art in Office Procedures (including Hysteroscopy) Gary Frishman, MD
8:40 – 8:50	Questions and Discussion
8:50 – 9:30	Laparoscopic Surgery in Surgically Challenging Patients Mobolaji Ajao, MD
9:30 – 9:40	Questions and Discussion
9:40 – 10:00	Coffee Break (refreshments provided)
10:00 – 10:40	Laparoscopic Complications: How to Avoid Them. How to Manage Them Jon Einarsson, MD, MPH
10:40 – 10:50	Questions and Discussion
Urogynecology Program Director: Dr. Minassian	
10:50 – 11:30	Overactive Bladder: Comprehensive Treatment Updates Tanaz Ferzandi, MD
11:30 – 11:40	Questions and Discussion
11:40 – 1:00	Break for lunch*
1:00 – 1:40	Updates for Vaginal Hysterectomy Vatché Minassian, MD, MPH
1:40 – 1:50	Questions and Discussion
1:50 – 2:30	Recurrent Urinary Tract Infections: How to Optimize Diagnosis, Management, Prevention Jeannine Miranne, MD
2:30 – 2:40	Questions and Discussion
2:40 – 2:55	Coffee Break (refreshments provided)
2:55 – 3:55 CLINICAL WORKSHOPS V	
	Hysteroscopy: Tips and Tricks 5A Gary Frishman, MD
	Tissue Extraction: Methods and Alternatives 5B Sarah Cohen, MD
	Laparoscopic Hysterectomy: Tips and Tricks 5C Jon Einarsson, MD, MPH
	Pessaries 5D Tanaz Ferzandi, MD
	Diagnosis and Management of Urogynecologic Complications 5E Vatché Minassian, MD, MPH
	Repair of 3rd- and 4th-Degree Lacerations 5F Jeannine Miranne, MD
4:00 – 5:00 CLINICAL WORKSHOPS VI	
	Hysteroscopy: Tips and Tricks 6A Gary Frishman, MD
	Tissue Extraction: Methods and Alternatives 6B Sarah Cohen, MD
	Laparoscopic Hysterectomy: Tips and Tricks 6C Jon Einarsson, MD, MPH
	Pessaries 6D Tanaz Ferzandi, MD

	"My mother had ovarian cancer. Should I be worried?" Important Lessons 8E Michael Muto, MD

Reproductive Endocrinology and Infertility

INTERACTIVE CASE-BASED AND PROBLEM-SOLVING CLINICAL WORKSHOPS

Year after year, participants report that the interactive faculty-led workshops offered throughout this program have advanced their understanding of how to approach the complex and challenging issues seen in their day-to-day practice. With a mix of case-based, problem-solving and discussion-based learning, these engaging workshops provide important clinical insights. Participants are encouraged to bring questions and cases to these highly interactive forums.

ACCREDITATION

Harvard Medical School is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Harvard Medical School designates this live activity for a maximum of 39.25 *AMA PRA Category 1 Credits*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

- Full Course: A maximum of 39.25 *AMA PRA Category 1 Credits*[™]
- Clinical Obstetrics (March 18 – 19): A maximum of 14 *AMA PRA Category 1 Credits*[™]
- Minimally Invasive Gynecologic Surgery, Urogynecology and Gynecologic Oncology (March 20 – 21): A maximum of 14 *AMA PRA Category 1 Credits*[™]
- Reproductive Endocrinology and Infertility (March 22 – 23): A maximum of 11.25 *AMA PRA Category 1 Credits*[™]

RISK MANAGEMENT

This activity meets the criteria of the Massachusetts Board of Registration in Medicine for 2.25 credits of Risk Management Study. Please check your individual state licensing board requirements before claiming these credits.

CANADIAN ACCREDITATION

The Royal College of Physicians and Surgeons of Canada recognizes conferences and workshops held outside of Canada that are developed by a university, academy, hospital, specialty society or college as accredited group learning activities.

EUROPEAN ACCREDITATION

Through an agreement between the American Medical Association and the European Union of Medical Specialists, physicians may convert *AMA PRA Category 1 Credit*[™] to an equivalent number of European CME Credits[®] (ECMECs[®]). Information on the process of converting *AMA PRA Category 1 Credits*[™] to ECMECs[®] can be found at: www.eaccme.eu.

Thursday, March 22

7:00 – 7:55 Registration and Continental Breakfast

7:55 – 8:00 **Welcome**
Mark Hornstein, MD

Infertility
Program Director: Dr. Hornstein

8:00 – 8:40 **Important Updates for the Basic Infertility Workup**
Rachel Ashby, MD

8:40 – 8:50 Questions and Discussion

8:50 – 9:30 **Navigating Expanded Options for Ovulation Induction**
Elizabeth Ginsburg, MD

9:30 – 9:40 Questions and Discussion

9:40 – 10:00 Coffee Break (refreshments provided)

10:00 – 10:40 **The Role of IVF in Contemporary Practice**
Janis Fox, MD

10:40 – 10:50 Questions and Discussion

10:50 – 11:30 **Recurrent Pregnancy Loss: Updates, Best Practices and Guidance**
Zev Williams, MD, PhD

11:30 – 11:40 Questions and Discussion

11:40 – 1:00 Break for lunch*

1:00 – 1:40 **Hyperandrogenism/Polycystic Ovary Syndrome: Best Practices for Evaluation and Treatment**
Robert Barbieri, MD

1:40 – 1:50 Questions and Discussion

1:50 – 2:30 **How to Achieve Better Diagnosis, Treatment and Management of Congenital Anomalies of the Reproductive Tract**
Marc Laufer, MD

2:30 – 2:40 Questions and Discussion

2:40 – 2:55 Coffee Break (refreshments provided)

2:55 – 3:55 CLINICAL WORKSHOPS IX

Management of Menopause 9A
Kathryn Martin, MD

Sexual Dysfunction in Women 9B
Jan Shifren, MD

Cases in Polycystic Ovary Syndrome 9C
Robert Barbieri, MD

Cases in Adolescent Gynecology 9D
Marc Laufer, MD

Recurrent Pregnancy Loss 9E
Zev Williams, MD, PhD

4:00 – 5:00 CLINICAL WORKSHOPS X

Management of Menopause 10A
Kathryn Martin, MD

Sexual Dysfunction in Women 10B
Jan Shifren, MD

Reproductive Care of the LGBT Patient 10C
Elizabeth Ginsberg, MD

Cases in Reproductive Endocrinology 10D
Frances Hayes, MD

Fibroids 10E
Serene Srouji, MD

Friday, March 23

7:00 – 7:55 Breakfast

7:55 – 8:00 **Welcome**
Mark Hornstein, MD

Menopause / Reproductive Endocrinology
Program Director: Dr. Hornstein

8:00 – 8:40 **Recommendations for the Management of Menopausal Symptoms**
Jan Shifren, MD

8:40 – 9:20 **Menopausal Hormone Therapy in 2018: What Are the Risks?**
Kathryn Martin, MD

9:20 – 9:40 Panel Discussion

9:40 – 10:00 Coffee Break (refreshments provided)

10:00 – 10:40 **Contraception Update**
Alisa Goldberg, MD

10:40 – 10:50 Questions and Discussion

10:50 – 11:30 **Treating Endometriosis and Associated Pelvic Pain**
Mark Hornstein, MD

11:30 – 11:40 Questions and Discussion

11:40 – 12:20 **Better Ways to Treat Abnormal Uterine Bleeding**
Antonio Gargiulo, MD

12:20 – 12:30 Questions and Discussion

PROGRAM DIRECTOR

Mark D. Hornstein, MD

Director, Division of Reproductive Endocrinology and Clinical Director, Center for Infertility and Reproductive Surgery, Brigham and Women's Hospital Professor, Harvard Medical School

Harvard Medical School Faculty

Montefiore Medical Center

*There are many convenient and varied lunch options within a short walking distance of the course.

Results-Driven Education

Clinical Obstetrics Objectives:

- Determine the rationale for prenatal diagnosis, current screening and diagnostic techniques, including ultrasound.
- Develop treatment plans for the management of antepartum complications, including infectious disease, multifetal gestations, obstetrical emergencies, cervical incompetence and preterm labor.
- Analyze the current management of maternal complications of pregnancy.
- Outline the role that obstetricians play in adverse neonatal outcomes.

Minimally Invasive Gynecologic Surgery and Gynecologic Oncology Objectives:

- Enhance knowledge and skills of gynecologists as they manage patients with neoplastic disorders and non-malignant conditions.
- Develop new strategies to apply in practice for the management of neoplastic disorders and non-malignant conditions.
- Review the current surgical management of invasive female tumors.
- Evaluate the non-surgical management of malignant and non-malignant gynecologic tumors.
- Adopt procedures to improve early detection of female genital and breast cancers.
- Utilize current gynecologic surgical techniques, including laparoscopy and hysterectomy, and assess indications for use and how to manage complications.
- Analyze the latest trends in Minimally Invasive Gynecologic Surgery and how they may impact the care of your patients.
- Apply practical surgical tips in Minimally Invasive Gynecologic Surgery.

Urogynecology Objectives:

- Enhance knowledge and skills of gynecologists in lower urinary tract physiology, pelvic anatomy and vaginal hysterectomy.
- Appropriately manage patients with urinary incontinence and pelvic organ prolapse.
- Review the most up-to-date evidence in the use of slings for the management of stress urinary incontinence, and pessaries for prolapse.
- Apply practical surgical tips in the management of urogynecologic complications.

Reproductive Endocrinology and Infertility Objectives:

- Incorporate new management strategies for patients with endocrine and fertility disorders.
- Analyze advances in the field as they apply to the management of patients with endocrine and fertility disorders.
- Develop techniques to evaluate pelvic pain and bleeding, and strategies for managing them.
- Institute a therapeutic management plan for patients with non-menopause-related endocrine imbalance, as well as those who are menopausal and post-menopausal.

Register online at OBGYN.HMSCME.com

Obstetrics and Gynecology 2018 (Course #732860-1802)

Obstetrics and Gynecology 2018 is a six-day course comprising three programs:

- Clinical Obstetrics (March 18-19)
- Minimally Invasive Gynecologic Surgery, Urogynecology, Gynecologic Oncology (March 20-21)
- Reproductive Endocrinology and Infertility (March 22-23)

Registrants may choose to attend the entire course, or one or two 2-day programs.

Course Choice	Course Tuition
Full Course (All three programs)	\$1,800 (SAVE \$900)
Full Course for Residents or Fellows	\$1,000
Two of the three programs (No discount for residents and fellows)	\$1,500 (SAVE \$300)
One of the three programs (No discount for residents and fellows)	\$900

Your tuition includes all sessions and workshops, breakfasts, and coffee breaks. All attendees receive a flash drive that includes all of the course materials. **You can also purchase (at a fee of \$50) printed materials for all of the programs for which you have registered.**

REGISTRATION, PAYMENT, CONFIRMATION, and REFUND POLICY

Registrations for Harvard Medical School CME programs are made via our secure online registration system. To register for this course, please visit the course website at OBGYN.HMSCME.com.

At the end of the registration process, a \$5 non-refundable processing fee will be added to your registration, and you will have the choice of paying by check or credit card (Visa, MasterCard, or American Express). If you are paying by check (draft on a US bank), the online registration system will provide you with instructions and a printable form for remitting your course fees by check. Postal, telephone, fax, and cash-payment registrations are not accepted. Fees shown in USD.

Upon receipt of your paid registration, an email confirmation from the HMS GCE office will be sent to you. Be sure to include an email address that you check frequently. Your email address is used for critical information, including registration confirmation, evaluation, and certificate. Refunds, less an administrative fee of \$75, will be issued for all cancellations received two weeks prior to the start of the course. Refund requests must be received by postal mail, email, or fax. No refund will be issued should cancellation occur less than two weeks prior. "No shows" are subject to the full course fee and no refunds will be issued once the conference has started.

VENUE and ACCOMMODATIONS

Four Seasons Hotel Boston

200 Boylston Street • Boston, MA 02116 • (617) 338-4400

A limited number of discounted rooms* have been reserved at the Four Seasons Hotel until February 14, 2018. You can call the hotel reservation line at 617-338-4400. Please indicate that you are enrolled in this activity in order to request the discounted room rate. You can also make your reservation online by going to the course website by February 14 and clicking on the dedicated reservation link on the Venue page.

**Please note that the discounted rooms may sell out before the deadline.*

Please do not make non-refundable travel arrangements until you receive an email from our office confirming your paid registration.
