

# HARVARD MEDICAL SCHOOL

59th Annual Update

# OBSTETRICS & GYNECOLOGY 2023

**COMPREHENSIVE UPDATES  
for STATE-OF-THE-ART CARE**

**MARCH 10 – 15, 2023 • LIVE STREAMING**

- Clinical Obstetrics
- Infertility Care
- Management of Difficult Deliveries
- Urogynecology
- Minimally Invasive Gynecologic Surgery
- Adolescent Gynecology
- Menopause Management
- Reproductive Endocrinology
- Management of High-Risk Patients
- Gynecologic Oncology in General Practice

Program Directors  
Mobolaji O. Ajao, MD, MPH  
Mark D. Hornstein, MD

Vatché A. Minassian, MD, MPH  
Michael G. Muto, MD  
Louise E. Wilkins-Haug, MD, PhD

**OPTIMIZED FOR REMOTE LEARNING**

This program is among the highest-rated Harvard Medical School CME courses

## UPDATES for STATE-OF-THE-ART CARE

- New approaches to common clinical challenges
- Guidance for challenging conditions
- Comprehensive treatment updates
- Expanded options for diagnostics
- New medical technologies
- Imaging advances and implications
- New and emerging therapies
- Best practices for high-risk patients

For **PHYSICIANS, NPs, PAs, APNs**

**Register at [OBGYN.HMSCME.com](https://OBGYN.HMSCME.com)**

Nawal M. Nour, MD, MPH

 **Brigham and Women's Hospital**  
Founding Member, Mass General Brigham

You can customize your distance-learning experience for your specific practice needs

Recordings of sessions will be made available for viewing online, at your convenience, for 60 days after this program's conclusion.

Earn up to 45.75 AMA PRA Category 1 Credits™

# 2023 PROGRAM HIGHLIGHTS

This acclaimed program offers problem-oriented lectures, case-based interactive discussions, and in-depth clinical skills updates. Sessions are led by the top clinical faculty at Harvard Medical School and Brigham and Women's Hospital — experienced practitioners all at the forefront of their respective subspecialties.

## WHO ATTENDS

- Physicians specializing in obstetrics and gynecology, including:
  - Obstetricians
  - Gynecologists
  - Perinatologists
  - Urogynecologists
  - Gynecologic Oncologists
  - Reproductive Endocrinologists
  - Infertility Specialists
- Family Physicians
- Nurse Practitioners
- Physician Assistants

We have had a defining, seismic year in the field of obstetrics and gynecology with significant challenges, updates, and achievements for our clinicians. I invite you to attend Obstetrics and Gynecology 2023 where we will highlight innovations, new techniques, and discoveries to improve our ability in providing high quality and equitable care.

The 2023 program presents important practice updates for the following:

- Managing patients with prior preterm birth, stillbirth, or preeclampsia
- Multifetal pregnancies: improving outcomes
- NIPT
- Gynecologic pelvic pain
- The challenging hysterectomy
- Infertility workup updates
- Menopause management in 2023
- Cervical cancer prevention: primary HPV testing
- Surgical management of endometriosis
- Placenta accreta syndrome
- Cervical insufficiency
- COVID-19: variants, vaccines, and pregnancy outcomes
- Ovulation induction challenges
- IVF updates
- New avenues for fetal therapy
- Obesity, type 2 diabetes, and pregnancy
- Overactive bladder, stress urinary incontinence, and fecal incontinence
- Endometrial and cervical cancer management
- Osteoporosis treatment
- Reversible contraceptives: where we are now
- Gestational trophoblastic disease
- Management of the adnexal mass
- Innovations in labor induction
- Improving outcomes after c-section
- Recurrent pregnancy loss: diagnosis, treatment, and prevention
- Management of PCOS, uterine fibroids, and endometriosis
- Postpartum hypertension
- MIGS for pelvic organ prolapse
- Enhanced recovery after gynecologic surgery
- Pediatric and adolescent gynecologic cases
- Treatment of abnormal uterine bleeding
- Health equity in obstetrics and gynecologic care
- Abortion in the post-Roe landscape

## Diversity, Equity, and Inclusion in Obstetrics and Gynecology

NEW  
HALF-DAY  
PROGRAM  
Open to all course registrants at no additional cost

## Course Director

**Nawal M. Nour, MD, MPH**

*Chair, Department of Obstetrics and Gynecology, Brigham and Women's Hospital  
Kate Macy Ladd Professorship,  
Harvard Medical School*

## THE PARTICIPANT EXPERIENCE

Year after year, participants report that interactive, master clinician-led education has advanced their ability to approach the complex and challenging issues seen in their day-to-day practice. With a mix of case-based, problem-solving, and discussion-based learning, participants can rely on this online course to provide important critical updates and insights.

# Clinical Obstetrics

## Comprehensive Updates

COVID-19 updates

Preterm delivery

Twins, placenta accreta, and other high-risk pregnancies

Labor planning, induction, and complex delivery issues

Managing weight gain in pregnancy

Prenatal genetic screening and diagnosis

Maternal hypertension

Fetal growth restriction and abnormal development

Depression during and after pregnancy: how to detect and resources for management

Optimizing the next pregnancy after preterm delivery, hypertension, cervical insufficiency, and stillbirth

Postpartum care and maternal health

## PROGRAM DIRECTOR

**Louise E. Wilkins-Haug, MD, PhD**

Director, Center for Fetal Medicine, Division of Reproductive Genetics; Division Director, Maternal-Fetal Medicine, Brigham and Women's Hospital Professor, Harvard Medical School

## Friday, March 10

**Updates in Clinical Obstetrics**  
Program Director: Dr. Wilkins-Haug

7:55 – 8:00	<b>Welcome - Clinical Obstetrics</b> Louise Wilkins-Haug, MD, PhD
8:00 – 8:35	<b>COVID-19: Variants, Vaccines, and Pregnancy Outcomes</b> Khady Diouf, MD
8:35 – 8:45	<b>Q/A</b>
8:45 – 9:20	<b>Can We Do Better in Labor Induction?</b> Sarah Little, MD
9:20 – 9:30	<b>Q/A</b>
9:30 – 9:40	Break
9:40 – 10:15	<b>Active Role for Hemorrhage Management on L&amp;D</b> Jie Zhou, MD, MBA
10:15 – 10:25	<b>Q/A</b>
10:25 – 11:00	<b>Improving Outcomes after C-Section</b> Julianna Schantz-Dunn, MD, MPH
11:00 – 11:10	<b>Q/A</b>
11:10 – 12:00	<b>Panel Discussion: Pedestrian Vehicle Trauma Case</b>
12:00 – 1:00	Break
1:00 – 1:30	<b>Risk Factors for Placenta Accreta Syndrome</b> Daniela Carusi, MD, MSc
1:30 – 1:40	<b>Q/A</b>
1:40 – 2:10	<b>Managing a Patient with a Prior Preterm Birth</b> Thomas McElrath, MD, PhD
2:10 – 2:20	<b>Q/A</b>
2:20 – 2:30	Break
2:30 – 3:05	<b>Managing a Patient with a Prior Stillbirth</b> Yael Hoffman-Sage, MD, MPH
3:05 – 3:15	<b>Q/A</b>
3:15 – 3:45	<b>Managing a Patient with Prior Preeclampsia</b> Emily Reiff, MD
3:45 – 3:55	<b>Q/A</b>
3:55 – 4:35	<b>Panel Discussion: Management of 2nd-Trimester Cervical Insufficiency</b> Drs. McElrath, Hoffman-Sage, and Reiff

## Saturday, March 11

**Updates in Maternal-Fetal Medicine**  
Program Director: Dr. Wilkins-Haug

7:55 – 8:00	<b>Welcome - Maternal-Fetal Medicine</b> Louise Wilkins-Haug, MD, PhD
8:00 – 8:35	<b>New Avenues for Fetal Therapy</b> Alireza Shamshirsaz, MD
8:35 – 8:45	<b>Q/A</b>
8:45 – 9:20	<b>Should Fetal Anatomy Be Surveyed in the First Trimester?</b> Rosemary Reiss, MD
9:20 – 9:30	<b>Q/A</b>
9:30 – 9:40	Break
9:40 – 10:15	<b>A Decade of NIPT</b> Stephanie Guseh, MD
10:15 – 10:25	<b>Q/A</b>
10:25 – 11:00	<b>Expanding Fetal Phenotypes and Deep Sequencing</b> Kathryn Gray, MD, PhD
11:00 – 11:10	<b>Q/A</b>
11:10 – 12:00	<b>Panel Discussion: Fetal Anomaly Case of Twins</b> Drs. Guseh, Gray, and Carolina Bibbo, MD
12:00 – 1:00	Break
1:00 – 1:30	<b>Changing the Outcomes for Multifetal Pregnancies</b> Carolina Bibbo, MD
1:30 – 1:40	<b>Q/A</b>
1:40 – 2:10	<b>Obesity or Weight Gain Leading to Poor Pregnancy Outcomes</b> Chloe Zera, MD, MPH
2:10 – 2:20	<b>Q/A</b>
2:20 – 2:30	Break
2:30 – 3:05	<b>T2DM and Its Hidden Morbidity</b> Sarah Lassey, MD
3:05 – 3:15	<b>Q/A</b>
3:15 – 3:45	<b>Care for Hypertensive Persons after Birth</b> Ann Celi, MD
3:45 – 3:55	<b>Q/A</b>
3:55 – 4:35	<b>Panel Discussion: Interconception Care</b> Drs. Celi, Lassey, and Zera
MARCH 15	<b>Diversity, Equity, and Inclusion in Obstetrics and Gynecology</b>

Program changes/substitutions may be made without notice. To view the most up-to-date version of the course program, please visit the course website.

## CUSTOMIZE YOUR ONLINE LEARNING EXPERIENCE

You can participate in one, two, or all three segments of this program. This program is among the highest-rated Harvard Medical School CME courses.

# Minimally Invasive Gynecologic Surgery – Urogynecology – Gynecologic Oncology

## Comprehensive Updates

Choosing the correct instruments in hysteroscopy

The challenging hysterectomy

Gynecologic pelvic pain: etiologies, diagnosis, algorithms for referral and treatment

Surgical management of endometriosis

Diagnosis and management of overactive bladder

Traditional and new treatment options for stress urinary incontinence and fecal incontinence

Minimally invasive surgeries for pelvic organ prolapse

Tools to prevent and treat surgical complications

How to manage ovarian masses

Vulvar lesions: diagnosis and treatment

Preventing cervical cancer

Fertility-sparing options in uterine neoplasia

The latest in trophoblastic disease

Exciting developments in gynecologic cancer care

## Sunday, March 12

### Gynecologic Oncology in the General Practice of Obstetrics and Gynecology

Program Director: Dr. Muto

7:55 – 8:00	<b>Welcome - Gynecologic Oncology</b> Michael Muto, MD
8:00 – 8:35	<b>Update on Cervical Cancer Prevention: Primary HPV Testing</b> Sarah Feldman, MD, MPH
8:35 – 8:45	<b>Q/A</b>
8:45 – 9:20	<b>Name That Vulvar Lesion: When to Biopsy, What to Treat, When to Refer</b> Colleen Feltmate, MD
9:20 – 9:30	<b>Q/A</b>
9:30 – 9:40	Break
9:40 – 10:15	<b>The Management of Endometrial and Cervical Cancer</b> Michelle Davis, MD
10:15 – 10:25	<b>Q/A</b>
10:25 – 11:00	<b>Gestational Trophoblastic Disease</b> Ross Berkowitz, MD
11:00 – 11:10	<b>Q/A</b>
11:10 – 12:00	<b>Panel Discussion</b> Gynecologic Oncology Faculty
12:00 – 1:00	Break
1:00 – 1:30	<b>The Adnexal Mass</b> Michael Muto, MD
1:30 – 1:40	<b>Q/A</b>
1:40 – 2:10	<b>Enhanced Recovery after Gynecologic Surgery</b> Kevin Elias, MD
2:10 – 2:20	<b>Q/A</b>
2:20 – 2:30	Break
2:30 – 3:05	<b>The Fallopian Tube and “Ovarian” Cancer</b> Michael Worley, MD
3:05 – 3:15	<b>Q/A</b>
3:15 – 3:45	<b>What’s Exciting in Gynecologic Oncology 2023</b> Neil Horowitz, MD
3:45 – 3:55	<b>Q/A</b>
3:55 – 4:35	<b>Panel Discussion</b> Gynecologic Oncology Faculty

## Monday, March 13

### Minimally Invasive Gynecologic Surgery

Program Director: Dr. Ajao

7:55 – 8:00	<b>Welcome - Minimally Invasive Gynecologic Surgery (MIGS)</b> Mobolaji Ajao, MD, MPH
8:00 – 8:30	<b>The Challenging Hysterectomy</b> Mobolaji Ajao, MD, MPH
8:30 – 8:40	<b>Q/A</b>
8:40 – 9:10	<b>Gynecologic Pelvic Pain: Etiologies, Diagnosis, Algorithms for Referral and Treatment</b> Louise King, MD, JD
9:10 – 9:20	<b>Q/A</b>
9:20 – 9:30	Break
9:30 – 10:05	<b>Choosing the Correct Instruments in Hysteroscopy</b> Keith Isaacson, MD
10:05 – 10:15	<b>Q/A</b>
10:15 – 10:45	<b>Surgical Management of Endometriosis</b> Jon Einarsson, MD, MPH, PhD
10:45 – 10:55	<b>Q/A</b>
10:55 – 11:45	<b>Panel Discussion</b> MIGS Faculty
11:45 – 12:45	Break

### Urogynecology

Program Director: Dr. Minassian

12:45 – 12:50	<b>Welcome - Urogynecology</b> Vatché Minassian, MD, MPH
12:50 – 1:20	<b>Contemporary Management of Overactive Bladder</b> Shilpa Iyer, MD, MPH
1:20 – 1:30	<b>Q/A</b>
1:30 – 2:00	<b>Updates on Interventions for Stress Urinary Incontinence (SUI) and Fecal Incontinence (FI)</b> Jeannine Miranne, MD, MS
2:00 – 2:10	<b>Q/A</b>
2:10 – 2:20	Break
2:20 – 2:55	<b>Minimally Invasive Surgeries for Pelvic Organ Prolapse</b> Shilpa Iyer, MD, MPH
2:55 – 3:05	<b>Q/A</b>

of Women’s Health; Chief, Division of  
Reproductive Endocrinology & Infertility,  
Columbia University Irving Medical Center

# Reproductive Endocrinology and Infertility

## Comprehensive Updates

The latest cost-effective workup for infertility

Ovulation induction

Guidance on when to make a referral for IVF

Recurrent pregnancy loss

Common reproductive endocrine disorders

Egg freezing for women who wish to preserve fertility options

A comprehensive update on contraceptive options, including long-acting reversible contraceptives

Hyperandrogenism and polycystic ovary syndrome

Congenital anomalies of the reproductive tract

Managing the health concerns of menopausal women

Sexual dysfunction in women

Osteoporosis

Management of fibroids

Endometriosis-associated pelvic pain

## PROGRAM DIRECTOR

**Mark D. Hornstein, MD**

Director, Division of Reproductive Endocrinology, Brigham and Women's Hospital  
Professor, Harvard Medical School

## Tuesday, March 14

### Infertility, Menopause, and Reproductive Endocrinology

Program Director: Dr. Hornstein

7:55 – 8:00	<b>Welcome - Infertility, Menopause, and Reproductive Endocrinology, Part I</b> Mark Hornstein, MD
8:00 – 8:45	<b>Important Updates for the Infertility Workup</b> Rachel Ashby, MD

11:30 – 12:15	<b>Reversible Contraceptives: Where We Are in 2023</b> Kari Braaten, MD, MBA
12:15 – 1:00	<b>Better Ways to Treat Abnormal Uterine Bleeding</b> Antonio Gargiulo, MD
1:00 – 2:00	<b>Expanded REI Faculty Q&amp;A</b> Drs. Braaten and Gargiulo
2:00 – 2:55	Break
2:55 – 5:00	<b>Diversity, Equity, and Inclusion in Obstetrics and Gynecology</b>

## Diversity, Equity, and Inclusion in Obstetrics and Gynecology

This special program is open to all registrants of any portion of Obstetrics and Gynecology 2023 at no additional cost.

### MODERATOR

**Alisa Goldberg, MD, MPH**

Director, Division of Family Planning, Brigham and Women's Hospital  
Associate Professor, Harvard Medical School

## Wednesday Afternoon • March 15

2:55 – 3:00	<b>Welcome - Diversity, Equity, and Inclusion in Obstetrics and Gynecology</b> Alisa Goldberg, MD, MPH	3:30 – 4:00	<b>Practicing Health Equity in Obstetric and Gynecologic Care</b> Sharlay Butler, MD, MPH
3:00 – 3:30	<b>Equity and Women's Health</b> Chiamaka Onwuzurike, MD, MPH	4:00 – 5:00	<b>Panel: Abortion in the Post-Roe Landscape</b> Drs. Goldberg, Onwuzurike, Butler, and Deborah Bartz, MD, MPH

# LEARNING OBJECTIVES

## Clinical Obstetrics Objectives:

- Review evidence for interconception, antenatal surveillance and risk-reducing strategies, and suggest quality measures for care.
- Analyze the current management of maternal complications of pregnancy.
- Outline the role that obstetricians play in adverse neonatal outcomes.
- Develop treatment plans for the management of antepartum complications, including obstetric emergencies, cervical incompetence, and preterm labor.

## Minimally Invasive Gynecologic Surgery, Urogynecology, and Gynecologic Oncology Objectives:

- Utilize current gynecologic surgical techniques, including laparoscopy and hysterectomy, and assess indications for use and how to manage complications.
- Learn how to choose the best surgical approach to avoid unintended outcomes.
- Analyze the latest trends in minimally invasive surgery and how they impact the care of the patient.
- Discuss techniques and best practices in the operating room for minimally invasive prolapse surgeries.
- Manage patients with urinary incontinence and pelvic prolapse.
- Understand the evidence for behavioral therapies in managing overactive bladder; discuss medications, therapy specifics, adverse events, and management.
- Review evidence in the use of slings and pessaries.
- Explain lower urinary tract physiology, pelvic anatomy, and vaginal hysterectomy.
- Develop new strategies to apply in practice for the management of neoplastic disorders and non-malignant conditions.
- Evaluate the non-surgical management of malignant and non-malignant gynecologic tumors.
- Identify neoplastic disorders and non-malignant conditions.
- Discuss the philosophy of opioid-free surgery.

## Reproductive Endocrinology and Infertility Objectives:

- Incorporate new management strategies for patients with endocrine and fertility disorders.
- Analyze advances in the field as they apply to the management of patients with endocrine and fertility disorders.
- Develop techniques to evaluate pelvic pain and bleeding, and strategies for managing them.
- Institute a therapeutic management plan for patients with non-menopause-related endocrine imbalance, as well as those who are menopausal and post-menopausal.
- Learn about all newer methods of reversible contraception.
- Recognize the major health concerns of menopausal women.

# COURSE DESCRIPTION

Update in Obstetrics and Gynecology provides comprehensive reviews of the most important advances in obstetrics and gynecology and guidance to incorporate them into general practice. Education is practical and results focused, designed to help providers of women's health optimize management of the clinical situations that occur throughout the female lifecycle.

Lectures, interactive discussions, and skills advancement sessions are taught by the most respected leaders in OB/GYN. Attendees can customize their learning experience to align with their practice needs, opting to participate in one, two, or all three programs that constitute this course: 1) Clinical Obstetrics; 2) Minimally Invasive Gynecologic Surgery, Urogynecology, and Gynecologic Oncology; 3) Reproductive Endocrinology and Infertility. Participants will have ample time with faculty for discussion and questions.

# HARVARD MEDICAL SCHOOL

## Obstetrics and Gynecology 2023

Obstetrics and Gynecology 2023 is a six-day course comprising three programs:

- Clinical Obstetrics (March 10–11)
- Minimally Invasive Gynecologic Surgery, Urogynecology, Gynecologic Oncology (March 12–13)
- Reproductive Endocrinology and Infertility (March 14–15)

Registrants may choose to attend the entire course, or one or two 2-day programs.

This year, all registrants of any of the course programs are also invited to participate in a special new program on the afternoon of March 15: *Diversity, Equity, and Inclusion in Obstetrics and Gynecology*.

Course Choice	Course Tuition
<b>Full Course</b> (All three programs)	\$1,475 <b>(SAVE \$700)</b>
Full Course for Residents or Fellows	\$975
<b>Two of the three programs</b> (No discount for residents and fellows)	\$1,250 <b>(SAVE \$200)</b>
<b>One of the three programs</b> (No discount for residents and fellows)	\$725

Registrants of Obstetrics and Gynecology 2023 will receive an electronic syllabus for the programs for which they register.

All sessions of each course program will be recorded as they are live streamed and placed in online course video libraries. Registrants can review the recordings of the programs for which they registered at their convenience. The video libraries will be available for 60 days after the conclusion of the course.

## REGISTRATION, PAYMENT, CONFIRMATION, and REFUND POLICY

Registrations for Harvard Medical School CME programs are made via our secure online registration system. To register for this course, please visit the course website at [OBGYN.HMSCME.com](http://OBGYN.HMSCME.com).

At the end of the registration process, a \$10 non-refundable processing fee will be added to your registration, and you will have the choice of paying by check, credit card (Visa, MasterCard, or American Express), or wire transfer in USD. If you are paying by check (draft on a United States bank) or by wire transfer, the online registration system will provide you with instructions for remitting your course fees. Postal, telephone, fax, and cash-payment registrations are not accepted. All fees shown in USD.

Upon receipt of your paid registration, an email confirmation will be sent to you. Be sure to include an email address that you check frequently. Your email address is used for critical information, including registration confirmation, evaluation, and certificate. Refunds, less an administrative fee of \$75, will be issued for all cancellations received two weeks prior to the start of the course. Refund requests must be received by email. No refund will be issued should cancellation occur less than two weeks prior. "No shows" are subject to the full course fee and no refunds will be issued once the course has started.

## INQUIRIES

Call 617-384-8600 Mon-Fri 9am – 4pm (ET) or e-mail [CEPrograms@hms.harvard.edu](mailto:CEPrograms@hms.harvard.edu)

## ACCREDITATION

In support of improving patient care, Harvard Medical School is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

### PHYSICIANS

The Harvard Medical School designates this live activity for a maximum of 45.75 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

- Full Course: a maximum of 45.75 *AMA PRA Category 1 Credits™*
- Clinical Obstetrics (March 10–11, plus March 15 afternoon program): a maximum of 17 *AMA PRA Category 1 Credits™*
- Minimally Invasive Gynecologic Surgery, Urogynecology, and Gynecologic Oncology (March 12–13, plus March 15 afternoon program): a maximum of 17 *AMA PRA Category 1 Credits™*
- Reproductive Endocrinology and Infertility (March 14–15, including March 15 afternoon program): a maximum of 15.75 *AMA PRA Category 1 Credits™*

### RISK MANAGEMENT

This activity meets the criteria of the Massachusetts Board of Registration in Medicine for 5.75 credits of Risk Management Study. Please check your individual state licensing board requirements before claiming these credits.

CANADIAN AND EUROPEAN ACCREDITATIONS: Please see course website.
