

HARVARD
MEDICAL SCHOOL

60th Annual Update

OBSTETRICS & GYNECOLOGY 2024

MARCH 8 – 13, 2024

NEW

Attend **ONLINE** • LIVE STREAMING or **IN PERSON** • BOSTON, MA

- Clinical Obstetrics
- Infertility Care
- Management of Difficult Deliveries
- Urogynecology
- Minimally Invasive Gynecologic Surgery
- Adolescent Gynecology
- Menopause Management
- Reproductive Endocrinology
- Management of High-Risk Patients
- Gynecologic Oncology in General Practice

Earn up to
44.25 AMA PRA
Category 1 Credits™

ATTEND ONLINE or IN PERSON

**COMPREHENSIVE UPDATES
for STATE-OF-THE-ART CARE**

- New approaches to common clinical challenges
- Guidance for challenging conditions
- Comprehensive treatment updates
- Expanded options for diagnostics
- New medical technologies
- Imaging advances and implications
- New and emerging therapies
- Best practices for high-risk patients

For **PHYSICIANS,**
NPs, PAs, APNs

Register at OBGYN.HMSCME.com

This program is among the highest-rated Harvard Medical School CME courses

Program Directors

Nawal M. Nour, MD, MPH, MBA
Mobolaji O. Ajao, MD, MPH

Vatché A. Minassian, MD, MPH
Michael G. Muto, MD
Louise E. Wilkins-Haug, MD, PhD

 **Brigham and Women's Hospital**
Founding Member, Mass General Brigham

COMPREHENSIVE UPDATES FOR STATE-OF-THE-ART CARE

You Can Choose Your Learning Environment: ONLINE or IN PERSON

ONLINE for LIVE STREAMING education and online Q&A with faculty.

IN PERSON in Boston, MA at the Fairmont Copley Plaza hotel. See website for details. Faculty provide dedicated time for Q&A with participants.

RECORDINGS of all sessions will be made available online to all participants, where you can view them, at your convenience, for 60 days following the conclusion of this program.

EDUCATION FOR

- Physicians specializing in obstetrics and gynecology, including:
 - Obstetricians
 - Gynecologists
 - Perinatologists
 - Urogynecologists
 - Gynecologic Oncologists
 - Reproductive Endocrinologists
 - Infertility Specialists
- Family Physicians
- Nurse Practitioners
- Physician Assistants

This acclaimed program offers problem-oriented lectures, case-based interactive discussions, and in-depth clinical skills updates. Sessions are led by the top clinical faculty at Harvard Medical School and Brigham and Women's Hospital — experienced practitioners, all at the forefront of their respective specialties.

- Managing patients with prior preterm birth, stillbirth, or preeclampsia
- Multifetal pregnancies: improving outcomes
- NIPT
- Gynecologic pelvic pain
- Hysterectomy best practices
- Infertility workup updates
- Menopause management in 2024
- Cervical cancer prevention: primary HPV testing
- Surgical management of endometriosis
- Placenta accreta syndrome
- Cervical insufficiency
- Ovulation induction challenges
- IVF updates
- New avenues for fetal therapy
- Obesity, type 2 diabetes, and pregnancy
- Overactive bladder management
- Endometrial and cervical cancer management
- Osteoporosis treatment
- Reversible contraceptives: where we are now
- Gestational trophoblastic disease
- Management of the adnexal mass
- Innovations in labor induction
- Improving outcomes after C-section
- Recurrent pregnancy loss: diagnosis, treatment, and prevention
- Management of PCOS, uterine fibroids, and endometriosis
- Postpartum hypertension
- Preventing and managing laparoscopic complications
- Counseling patients about cancer screening, testing, and risk-reduction
- Pediatric and adolescent gynecologic cases
- Treatment of abnormal uterine bleeding
- Health equity in obstetrics and gynecologic care
- Women's health in the post-Dobbs landscape

Course Director

Nawal M. Nour, MD, MPH, MBA

*Chair, Department of Obstetrics and Gynecology, Brigham and Women's Hospital
Kate Macy Ladd Professorship,
Harvard Medical School*

THE PARTICIPANT EXPERIENCE

Year after year, participants report that interactive, master clinician-led education has advanced their ability to approach the complex and challenging issues seen in their day-to-day practice. With a mix of case-based, problem-solving, and discussion-based learning, participants can rely on this course to provide critically important updates and insights.

Clinical Obstetrics

Comprehensive Updates

Preterm delivery

Twins, placenta accreta, and other high-risk pregnancies

Labor planning, induction, and complex delivery issues

Managing weight gain in pregnancy

Prenatal genetic screening and diagnosis

Maternal hypertension

Group obstetric care: centering programs

Fetal growth restriction and abnormal development

Depression during and after pregnancy: how to detect and resources for management

Optimizing the next pregnancy after preterm delivery, hypertension, cervical insufficiency, and stillbirth

Postpartum care and maternal health

PROGRAM DIRECTOR

Louise E. Wilkins-Haug, MD, PhD

Director, Center for Fetal Medicine, Division of Reproductive Genetics; Division Director, Maternal-Fetal Medicine, Brigham and Women's Hospital Professor, Harvard Medical School

Friday, March 8

Updates in Clinical Obstetrics

7:55 – 8:00	Welcome - Clinical Obstetrics Louise Wilkins-Haug, MD, PhD
8:00 – 8:35	Advances in the Management of Perinatal Depression Nicole Smith, MD, MPH
8:35 – 8:45	Q/A
8:45 – 9:20	Preterm Birth: Updates on Management Saba Berhie, MD
9:20 – 9:30	Q/A
9:30 – 9:40	Break
9:40 – 10:15	Can We Do Better in Labor Induction? Sarah Little, MD
10:15 – 10:25	Q/A
10:25 – 11:00	Improving Outcomes after C-Section Julianna Schantz-Dunn, MD, MPH
11:00 – 11:10	Q/A
11:10 – 12:00	OB Panel Discussion Friday Morning Faculty
12:00 – 1:00	Break*
1:00 – 1:30	Centering: Alternative Approaches for OB Care Chiamaka Onwuzurike, MD, MPH
1:30 – 1:40	Q/A
1:40 – 2:10	The Obstetrician-Gynecologist's Role in Placenta Accreta Spectrum Care Daniela Carusi, MD, MSc
2:10 – 2:20	Q/A
2:20 – 2:30	Break
2:30 – 3:05	Managing a Patient with a Prior Stillbirth Yael Hoffman-Sage, MD, MPH
3:05 – 3:15	Q/A
3:15 – 3:45	Managing a Patient with Prior Preeclampsia Emily Reiff, MD
3:45 – 3:55	Q/A
3:55 – 4:35	OB Panel Discussion Friday Afternoon Faculty
6:00 – 8:00	Welcome Reception (in person)

Saturday, March 9

Updates in Maternal-Fetal Medicine

7:55 – 8:00	Welcome - Maternal-Fetal Medicine Louise Wilkins-Haug, MD, PhD
8:00 – 8:35	New Avenues for Fetal Therapy Alireza Shamshirsaz, MD
8:35 – 8:45	Q/A
8:45 – 9:20	Should Fetal Anatomy Be Surveyed in the First Trimester? Rosemary Reiss, MD
9:20 – 9:30	Q/A
9:30 – 9:40	Break
9:40 – 10:15	A Decade of NIPT Stephanie Guseh, MD
10:15 – 10:25	Q/A
10:25 – 11:00	Incorporating Maternal Risk Assessment in OB Care Sarah Rae Easter, MD
11:00 – 11:10	Q/A
11:10 – 12:00	MFM Panel Discussion Saturday Morning Faculty
12:00 – 1:00	Break*
1:00 – 1:30	Changing the Outcomes for Multifetal Pregnancies Carolina Bibbo, MD
1:30 – 1:40	Q/A
1:40 – 2:10	Weight Gain and Pregnancy Chloe Zera, MD, MPH
2:10 – 2:20	Q/A
2:20 – 2:30	Break
2:30 – 3:05	Type 2 Diabetes in Pregnancy Sarah Lassey, MD
3:05 – 3:15	Q/A
3:15 – 3:45	Care for Hypertensive Persons after Birth Ann Celi, MD
3:45 – 3:55	Q/A
3:55 – 4:35	MFM Panel Discussion Saturday Afternoon Faculty
MARCH 13	Equity and Women's Health

*There are many convenient and varied lunch options within a short walking distance of the in-person course venue.

Program changes/substitutions may be made without notice. To view the most up-to-date version of the course program, please visit the course website.

CUSTOMIZE YOUR LEARNING EXPERIENCE

You can participate in one, two, or all three segments of this program. This program is among the highest-rated Harvard Medical School CME courses.

Minimally Invasive Gynecologic Surgery – Urogynecology – Gynecologic Oncology

Comprehensive Updates

Fibroids, sarcomas, and patient counseling

Surgical management of fibroids

Complications in laparoscopic surgery and their management

Gynecologic pelvic pain: etiologies, diagnosis, algorithms for referral and treatment

Diagnosis of overactive bladder

Conservative and advanced management of overactive bladder

Updates on evaluation and management of interstitial cystitis

Best practices for vaginal hysterectomy

Prevention and management of obstetric anal sphincter injuries

Tools to prevent and treat surgical complications

How to manage ovarian masses

Vulvar lesions: diagnosis and treatment

Preventing cervical cancer

Fertility-sparing options in uterine neoplasia

The latest in trophoblastic disease

Exciting developments in gynecologic cancer care

Counseling patients about cancer screening and risk-reduction

Sunday, March 10

Gynecologic Oncology in the General Practice of Obstetrics and Gynecology

7:55 – 8:00	Welcome - Gynecologic Oncology Michael Muto, MD
8:00 – 8:35	From Abnormal Pap to Rational Plan: A Blueprint for Effective Management Sarah Feldman, MD, MPH
8:35 – 8:45	Q/A
8:45 – 9:20	Should You “Guess” the Lesion? How to Differentiate, Treat, or Refer Colleen Feltmate, MD
9:20 – 9:30	Q/A
9:30 – 9:40	Break
9:40 – 10:15	Endo’ the Line: Orchestrating the Battle against Endometrial Neoplasia Michelle Davis, MD
10:15 – 10:25	Q/A
10:25 – 11:00	Contemporary Approaches to the Management of GTN Ross Berkowitz, MD
11:00 – 11:10	Q/A
11:10 – 12:00	Gyn/Onc Panel Discussion Sunday Morning Faculty
12:00 – 1:00	Break*
1:00 – 1:30	The Adnexal Mass: Observe, Remove, or Refer Michael Muto, MD
1:30 – 1:40	Q/A
1:40 – 2:10	What’s My Risk? Counseling Women about Screening, Testing, and Risk-Reduction Strategies for Ovarian and Uterine Cancers Kevin Elias, MD
2:10 – 2:20	Q/A
2:20 – 2:30	Break
2:30 – 3:05	From Conduit to Co-conspirator: The Fallopian Tube and “Ovarian” Cancer Jessica St. Laurent, MD
3:05 – 3:15	Q/A
3:15 – 3:45	Since We Last Spoke: Significant Developments in Gyn Oncology Neil Horowitz, MD
3:45 – 3:55	Q/A
3:55 – 4:35	Gyn/Onc Panel Discussion Sunday Afternoon Faculty

Monday, March 11

Minimally Invasive Gynecologic Surgery

7:55 – 8:00	Welcome - Minimally Invasive Gynecologic Surgery (MIGS) Mobolaji Ajao, MD, MPH
8:00 – 8:30	Fibroids, Sarcomas, and Patient Counseling Mobolaji Ajao, MD, MPH
8:30 – 8:40	Q/A
8:40 – 9:10	Gynecologic Pelvic Pain: General Assessment, Tips and Tricks, Novel Therapies Louise King, MD, JD
9:10 – 9:20	Q/A
9:20 – 9:30	Break
9:30 – 10:05	Surgical Management of Fibroids Jessica Opoku-Anane, MD, MS
10:05 – 10:15	Q/A
10:15 – 10:45	Laparoscopic Complications: How to Prevent and Manage Jon Einarsson, MD, MPH, PhD
10:45 – 10:55	Q/A
10:55 – 11:45	Open Forum with MIGS Faculty Monday Morning Faculty
11:45 – 12:45	Break*
Urogynecology	
12:45 – 12:50	Welcome - Urogynecology Vatché Minassian, MD, MPH
12:50 – 1:20	Overview of Contemporary Overactive Bladder Management Edward Kim, MD, MPH
1:20 – 1:30	Q/A
1:30 – 2:00	Navigating Delivery after OASIS Pamela Levin, MD
2:00 – 2:10	Q/A
2:10 – 2:20	Break
2:20 – 2:55	Vaginal Hysterectomy: Best Practices Vatché Minassian, MD, MPH
2:55 – 3:05	Q/A
3:05 – 3:35	Updates on Evaluation and Management of Interstitial Cystitis Jeannine Miranne, MD, MS
3:35 – 3:45	Q/A
3:45 – 4:35	Open Forum with Urogynecology Faculty Monday Afternoon Faculty

11:10 – 12:00	A Practical Approach to the Management of Endometriosis-Associated Pelvic Pain Mark Hornstein, MD
12:00 – 1:00	Break*
1:00 – 1:45	An Update on the Etiology and Management of Symptomatic Uterine Fibroids Raymond Anchan, MD, PhD
1:45 – 2:30	A Practical Diagnostic Algorithm for Acute and Chronic Abnormal Uterine Bleeding Antonio Gargiulo, MD
2:30 – 3:15	Open Forum with REI Faculty Wednesday Afternoon Faculty
3:30 – 5:15	Equity and Women's Health

Equity and Women's Health

This special program is open to all registrants of any portion of Obstetrics and Gynecology 2024 at no additional cost.

Wednesday Afternoon • March 13

MODERATOR

Alisa Goldberg, MD, MPH

Director, Division of Family Planning, Brigham and Women's Hospital
Associate Professor, Harvard Medical School

3:30 – 3:35	Welcome - Equity and Women's Health Alisa Goldberg, MD, MPH
3:35 – 3:55	Actionable Items to Reduce Racial Disparities Chiamaka Onwuzurike, MD, MPH

3:55 – 4:15	Care of Non-Binary or Trans Patients Frances Grimstad, MD, MS
4:15 – 5:15	Equity Panel Discussion: One Year Post-Dobbs Drs. Goldberg, Onwuzurike, Grimstad, and Deborah Bartz, MD, MPH

LEARNING OBJECTIVES

Clinical Obstetrics:

- Review evidence for interconception, antenatal surveillance and risk-reducing strategies, and suggest quality measures for care.
- Analyze the current management of maternal complications of pregnancy.
- Outline the role that obstetricians play in adverse neonatal outcomes.
- Develop treatment plans for the management of antepartum complications, including obstetric emergencies, cervical incompetence, and preterm labor.

MIGS, Urogynecology, and Gynecologic Oncology:

- Utilize current gynecologic surgical techniques, including laparoscopy and hysterectomy, and assess indications for use and how to manage complications.
- Choose the best surgical approach to avoid unintended outcomes.
- Analyze the latest trends in minimally invasive surgery and how they impact the care of the patient.
- Discuss techniques and best practices in the operating room for minimally invasive prolapse surgeries.
- Manage patients with urinary incontinence and pelvic prolapse.
- Understand the evidence for behavioral therapies in managing overactive bladder; discuss medications, therapy specifics, adverse events, and management.
- Review evidence in the use of slings and pessaries.
- Explain lower urinary tract physiology, pelvic anatomy, and vaginal hysterectomy.
- Develop new strategies to apply in practice for the management of neoplastic disorders and non-malignant conditions.
- Evaluate the non-surgical management of malignant and non-malignant gynecologic tumors.
- Identify neoplastic disorders and non-malignant conditions.
- Discuss the philosophy of opioid-free surgery.
- Describe features of a malignant adnexal mass to better define malignant risk.
- Discuss the rational use of tumor markers to focus on most valid results.

Infertility, Menopause, and Reproductive Endocrinology:

- Incorporate new management strategies for patients with endocrine and fertility disorders.
- Analyze advances in the field as they apply to the management of patients with endocrine and fertility disorders.
- Develop techniques to evaluate pelvic pain and bleeding, and strategies for managing them.
- Institute a therapeutic management plan for patients with non-menopause-related endocrine imbalance, as well as those who are menopausal and post-menopausal.
- Learn about all newer methods of reversible contraception.
- Recognize the major health concerns of menopausal women.

Equity and Women's Health:

- Understand the impact of individual, community, and structural factors on health outcomes of patients in OBGYN.
- Define health equity in OBGYN care and describe the unique roles of OBGYNs in ensuring it.
- Describe the strategies for assessing and addressing bias and health disparities in your own practice.

COURSE DESCRIPTION

Update in Obstetrics and Gynecology provides comprehensive reviews of the most important advances in obstetrics and gynecology and guidance to incorporate them into general practice. Education is practical and results focused, designed to help providers of women's health optimize management of the clinical situations that occur throughout the female lifecycle.

Lectures, interactive discussions, and skills advancement sessions are taught by the most respected leaders in OB/GYN. Attendees can customize their learning experience to align with their practice needs, opting to participate in one, two, or all three programs that constitute this course: 1) Clinical Obstetrics; 2) Minimally Invasive Gynecologic Surgery, Urogynecology, and Gynecologic Oncology; 3) Infertility, Menopause, and Reproductive Endocrinology. Participants will have ample time with faculty for discussion and questions.

HARVARD MEDICAL SCHOOL

Obstetrics and Gynecology 2024

Obstetrics and Gynecology 2024 is six days comprising three programs:

- Clinical Obstetrics (March 8–9)
- Minimally Invasive Gynecologic Surgery, Urogynecology, Gynecologic Oncology (March 10–11)
- Infertility, Menopause, and Reproductive Endocrinology (March 12–13)

Registrants may choose to attend the entire course, one 2-day program, or two 2-day programs.

This year, all registrants of any of the course programs are also invited to participate in a special program on the afternoon of March 13: *Equity and Women's Health*.

Course Choice	Course Tuition
Full Course (All three programs)	\$1,475 (SAVE \$700)
Full Course for Residents or Fellows	\$975
Two of the three programs (No discount for residents and fellows)	\$1,250 (SAVE \$200)
One of the three programs (No discount for residents and fellows)	\$725

Your tuition includes an online, downloadable syllabus.

All sessions will be recorded as they are live streamed and placed in the online course video library, so that registrants can review them at their convenience. The video library will be available to all registrants for 60 days.

For our in-person attendees, continental breakfast will be offered each morning and coffee and snacks will be available during morning and afternoon breaks. There will also be a complimentary welcome reception on the evening of Friday, March 8, from 6pm to 8pm.

REGISTRATION, PAYMENT, CONFIRMATION, and REFUND POLICY

Registrations for Harvard Medical School CME programs are made via our secure online registration system. To register for this course, please visit the course website at OBGYN.HMSCME.com.

At the end of the registration process, a \$10 non-refundable processing fee will be added to your registration. Payment is by credit card (Visa, MasterCard, or American Express) through the registration system. Postal, telephone, fax, and cash-payment registrations are not accepted. All fees shown in USD.

Upon receipt of your paid registration, an email confirmation will be sent to you. Be sure to include an email address that you check frequently. Your email address is used for critical information, including registration confirmation, evaluation, and certificate. Refunds, less an administrative fee of \$75, will be issued for all cancellations received two weeks prior to the start of the course. Refund requests must be received by email. No refund will be issued should cancellation occur less than two weeks prior. "No shows" are subject to the full course fee and no refunds will be issued once the course has started.

INQUIRIES

Call 617-384-8600 Mon-Fri 9am – 4pm (ET) or email CEPrograms@hms.harvard.edu

ACCREDITATION

In support of improving patient care, Harvard Medical School is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

PHYSICIANS

The Harvard Medical School designates this live activity for a maximum of 44.25 *AMA PRA Category 1 Credits*™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

- Full Course: a maximum of 44.25 *AMA PRA Category 1 Credits*™
- Clinical Obstetrics (March 8–9, plus March 13 Equity program): a maximum of 16.25 *AMA PRA Category 1 Credits*™
- Minimally Invasive Gynecologic Surgery, Urogynecology, and Gynecologic Oncology (March 10–11, plus March 13 Equity program): a maximum of 16.25 *AMA PRA Category 1 Credits*™
- Infertility, Menopause, and Reproductive Endocrinology (March 12–13, including March 13 Equity program): a maximum of 14.75 *AMA PRA Category 1 Credits*™

RISK MANAGEMENT

This activity meets the criteria of the Massachusetts Board of Registration in Medicine for 7.25 credits of Risk Management Study. Please check your individual state licensing board requirements before claiming these credits.

CANADIAN AND EUROPEAN ACCREDITATIONS: Please see course website.
